

\$10,000 Dollars is Between Your Hands . . .

Don't Just Read This / Pray & Meditate On Each Page

I am going to share something significant with you. It's a gift. Now, you can take what I explain here and use it to change your life, or, you can quickly "scan" over this document and leave it sit completely ignored. Your life. U-Pick.

What you are now experiencing, as you call "my life," is who you were being and doing **five** and **ten** years ago. In essence, you have been asleep, *within your own subconscious*.

The work you do is rote. It's rehearsed, old and antiquated. You could do it in your sleep and each day you "do" the same things you learned to do five, ten and twenty years ago.

When you drive your car and tie your shoes, same thing. It's rote and an embedded function, you conditioned into your subconscious "self." You are asleep and don't even know it.

You Can't Attract What You Aren't First Aware of. .

Effortless Calm / Absolute Authenticity / Money / Lifestyle Peace

Now what if, what if you "woke up" and decided to be more alive and more conscious? What if you became aware that you have been on virtual auto-pilot and you now decided to be **conscious of receiving** \$10,000?

You become conscious and alert to

To become conscious and alert to multiplying circumstances.

Just like you, I had a "job" and I sold meat and seafood door to door. For ten years I was simply **repeating an action** that I had learned many years earlier. No wonder my income didn't change. And then someone taught me to be AWAKE and to *USE my conscious brain* to condition my inner mind, my subconscious, to be ALERT. . . Now look at me.

What happened to me can happen to you. You simply use your conscious mind to TEACH your subconscious mind to bring you money, people and multiplying circumstances. YOU will start to receive what you teach yourself to become alert and AWARE of.

I became a "alert" to \$2,000 to \$5,000 per day. And I receive it.

This technique will allow you to re-write your life. Imagine if you could separate yourself *from the labor of income* and you made money 24/7 as well as earning from *other people making you income as well*.

Believe to see. Wake up. Learn to be ALERT and to train yourself to be **consciously awake** and adapt new patterns to use today so in essence, you can write your tomorrow today!

B E T H E T I G E R

Bruce Lee Used This Philosophy and John F. Kennedy Flaunted His Mastery of This Mind-Control Over a Nation. Oprah Winfrey is a Walking Billboard For This and Used Properly, This Technique Levels People's Ability to Resist!

By Joe Schroeder / 34 Miles Due West of Manhattan / Ageless Wisdom that few today speak of:

Skill or "brains" doesn't separate us. TIME does and the only reason I made over **17,000** individual sales last month (often it's more) and perhaps if you didn't, is because I took the TIME to "work out" the HIDDEN ORDER of how such a feat is executed. Do as I suggest here and *your life* will change.

TIME is what God gave you *to trade for everything you ever wanted*. I used TIME to work this formula out and now if you have the TIME, all that you ever wanted can also be yours. It's magical.

Watch Closely.

First and foremost though, understand that there is a perfect order behind *everything*. Even with a deck of cards! But no one ever notices or even THINKS to ask, "why are there only two colors in a deck of cards" and few—if any, ever ask, "how come there are four suits in a deck and not six?" *But I took the time to "work it out."*

Four Suits BECAUSE there are four seasons!
FIFTY-TWO cards because there are 52 weeks.
Black & Red represents the SUN & MOON!

The Warriors Way is a discipline about refining ones character by seeking the truth from within. In modern terms, I call this, as I am sure by now you have guessed, the Alpha State. It's attention pressed towards your core being (the cause) which then inspires (the effect) action without a denying ego.

The Alpha State is a discipline of mind. A way of life. So start to see yourself within an elite group. And know that the Samurai often exercised in a group or a (DoJo) special place where together, Warriors soldiered each others "can do" spirit and refined each others ability to dominate their own personal will. *Environment is key.* It can change your life and heighten your total expression. So locate like minded people.

Ancient Discipline of Obligation is Her Honor "into" All Mankind

The burden of the (Samurai) person who uses her Alpha State to achieve prowess, posture and social superiority, sets into motion an *intrinsic mode of service* back to the society around them. **Why?** Because those who have reached this mental piling of "can do" also believe that elevating everyone around them, who is clearly struggling, is part of the true honor that the Warrior *casts back into society*. **(READ THIS section each PM before Bed 2 X's)**

The TAO of Non-Resistance = a \$14.95 Course that Takes \$21 to Deliver = Applied Reciprocity. In Networking people seek to "get" each other and they ask, "how do I **get** people?" That never worked for me. Instead, I subscribed to the TAO PRECEPT of non-resistance. Which means you get UNDER people and you subjugate your ego which in fact, leaves you on top. **An example, is our \$14.95 course which few can resist.**

Example. You can cut down the tallest tree and yet, the stump is left. The first shall be last and the last shall be first. They answer for me was to be a RESOURCE to an industry. **To be more to more people = more people.**

Hint: More Life Always Seeks More Life.

Hint: You can't GET people until they RECEIVE more of you.
Serving an industry is easier than trying to serve yourself.

When You Begin To Realize That The “Soul” of Money is Service, You Then Start To Fully Comprehend The Nature of Love And How The Wealthy Got That Way.

It's All About Whose Helping The Flow of The Universe and Helping Mankind Evolve into a Better Expression of Ease and Perfection

If Money Was a Game Here Are The Rules

Rule #1: Money never sleeps. Therefore, if you want to make more income, you simply need to be in the position to make more *while you sleep*.

In this program, *other people make you money*. **Earn \$400 once / twice a day.**

Plus, while you are sleeping, people from all over the world can be sampling our product and falling in love with it.

Rule #2: Money is an effect, not a “cause.” Man’s mind is “cause” and money is simply a response to his thoughts about himself and his relationship to the world.

People do not have a money problem, they only have a thinking problem.

When you change your relationship to time and money you change how money reacts (effect) to you.

If you know how to make business (and money) you work for yourself. If you don't know how to make your own business you have a job. We teach people how to become their own equity and how to sell a product that people love.

Rule #3: What you give away you always get to keep.

The law of attraction is the law of love and to love something with enough persistence invites its *equal energy back to you*. Ask Madonna or Russell Simmons if that's true.

If you love money you love something that *doesn't have the nature to love you back*. But if you love people and sell a product that can help people evolve and live better, you can become rich.

Rule #4: Having strangers trade \$1,341 with you for our “Mega-Mind” home study course is easy if you first let them change their lives for \$14.95 through our no-risk 100% money-back guaranteed course “Chaos To Cash.”

Everyone has \$14 bucks just as everybody wants to learn how to positively change their lives *and the lives of other people*.

Why? Because thousands of people who are just like you would love to be able to change lives and make more money--all at once-- if it was as simple as letting people **sample our program for just** FOURTEEN DOLLARS and .95 cents.

Everything You Lack Can Be Traced Back To Your Insistence of Not Being Diligent

“ I got bored one day and decoded the Book of proverbs.” —Joe Schroeder

Diligence is the silent and “secret” thing behind Bill Gates, Oprah Winfrey, Steven Jobs and all who rule dominion. Taken a step further, one could lace the extreme and almost weird success of say, a George Washington, a Gallileo and a John Adams, back to diligence. ***Even more chin pulling is that once you truly ascertain what diligence truly is, you will be forced to agree that not two (2) in a 1,000 are in fact, exercising diligence.***

Diligence, if used by someone like me, who is a nerr-do-well looky loos who barely made it through ninth grade and who never had a job, if used thoroughly, the art and discipline of Diligence can virtually **tilt the world** for you.

I have [used] diligence to become who I am and to accomplish the uncommon. And so can you if and only if, you are prepared to do and “be” what 99% of the population wouldn’t dare.

When You “Do” Prosperity You’ll Never Be Out of Work or Short on Money Again

I never needed a job because I always did Prosperity. When you “do” prosperity you “do” more life. Those who fail to experience freedom are locked into the ego of their parents who told them “who” and what *they would be* at age 17 — prior to going to college.

Now today, many years later, those people are still scratching their college educated heads asking, “why am I so un-happy and broke?”

It’s hard to be un-happy when you TEACH and share the philosophy of MORE life and even harder not to make more income than you need. Imagine YOU the carrier of good news earning \$2K -5K week.

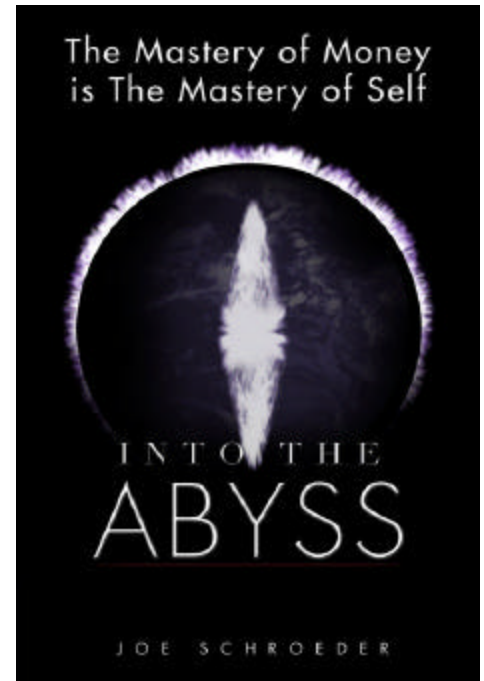

Imagine YOU the vessel of more light that heals 100,000 people.

I did. I do that. Why not you? Oprah does that. Rachael Ray and Larry the Cable guy does that. They heal people. I do. YOU can too.

Live under the conditions and ego of a boss and society or demand more self-love and demand more authenticity by doing more of the you that has belly fire and dying to explore more heaven on earth.

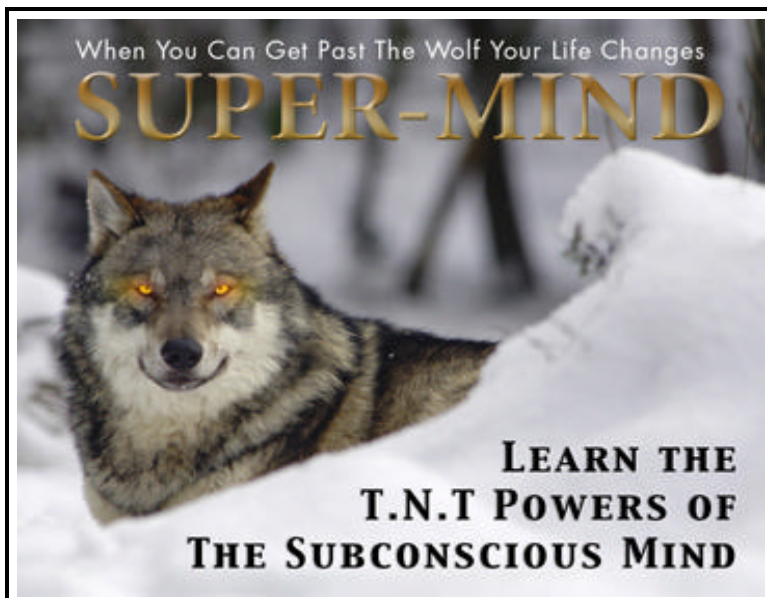

You’re allowed to be free. To make tall money and be who you want.

“What Does The Subconscious Do?”

1: It ties your shoes, drives you home after work and is the location of EASE & PERFECTION. Because of this and of which Napoleon Hill (“You Can Perform Miracles Too”) called, Cosmic Habit -Force, after a habit has been rehearsed long enough, nature **drops** that **habit** into the *subconscious* and SELF performs that “habit” *without struggle* and in fact, then becomes an automatic response to energy & repetition.

Examples would be any Millionaire who can re-build again and again even after they lose it all. How? Because the SUBCONSCIOUS has been “set” to wealth. All of John Lennon’s songs were located and “found” through his oneness (Super-Mind) with SELF as is **Tiger Woods**, virtually *all subconscious*.

2: What gets planted into the conscious eventually falls into the “sub” which then becomes cosmic habit force. **Here’s another example:** Poor people rehearse and speak about —all day long—what they don’t have and they “sob story” until kingdom come and therefore because the weaker class multiplies their LACK in their minds all day long, more of same becomes their habit. The poor **of mind** always get poorer.

SUPER-MIND is \$497

You Use Your Conscious Mind, and Words, To “Script” More Life Upon You

3: The subconscious remembers phone numbers for you. It cleanses your intestines 24/7 and never sleeps. It repairs your “oopsie s” and patches your cut up knees. Plus, if you speak nicely to it, nice things show up.

4: The game is to speak to your **SUBCONSCIOUS** just before your date with the sandman each p.m. Why? Because the mind-chatter of the conscious is about to fall asleep. While the conscious mind does sleep, what your PROGRAM into your subconscious has all night of “free reign” to settle into your habit-force.

5: Your conscious brain uses *deduction*, what Mom used to teach you and *what happened to you* years ago to make a decision. However, if wooed properly, the subconscious is connected to ALL that IS and has no perception of less than perfect. ONE MIND created the Grand Canyon, controls the oceans and can also be your Aladdin’s lamp and make you ten feet tall and bullet proof. The game is to re-program yourself.

SUPER-MIND: 1 Manual + 2 CD

It’s Literally About Assuming the Nature and Consciousness of Your Goal

6: Most people have little respect or knowledge of their hidden Genie of the mind. That’s because the MIND is issued to all at birth —FREE and as such, most don’t respect **or even notice** what is given on the house.

Plus, to **HOLD** into your **imagination** what you *can’t see yet*, like Elvis, Einstein and Steven Jobs did, is an “agony” of focus that most people whine, “not for me.” Too bad. Don’t guys know that a mind half used (50%) is a life only *half (50%)* experienced?

7: The subconscious needs no justifying proof because what is found (awareness & intuition) is instant all enlightenment. What’s found in the subconscious just “IS” and **requires no evidence**. This is where **Beethoven** said he “saw” his music *and how* all great artists and poets—and the rich—*explain their ability*.

8: The natural flow of the Universe is BE + DO = Have. Those who learn to assume the MIND of what they want (which is light years beyond goal setting) use the same energy that makes the oak tree *an oak tree*. The massive OAK never “does” pine tree because its been **SET** by habit-force to always “do” oak tree.

This distinction **separates** the rich from the poor and dictates, “You can never have, possess or even “do” beyond what you were not first AWARE of *and conscious* of BEING. Elvis was Elvis before he was Elvis and everything CAESAR did you can do better! The POWERFUL were, early on, AWARE of their ability
